Marin County, CA
Co-Director And Co-Founder
Counseling And Training Consultants (CTC) is a nonprofit corporation established to provide consulting, training, specialized programs, and psychological services to public institutes (specialty in corrections and law enforcement), agencies, business, and industry. As Co-Director, I was responsible for all program creation, development and implementation, grant writing and management, budgets, resource development, hiring, training, and supervision of staff, and direction of the Graduate Internship Training Program. Other responsibilities included creation, development, and implementation of a wide variety of professional training programs including Communications/Human Relations, Counseling, Management and Supervision, and Stress Management.

- 1976-1985 San Quentin Prison Project. CTC has provided a comprehensive inmate treatment program including group and individual therapy, peer counselor training, and reentry counseling. For staff, CTC provided the Correctional Staff Communications/Human Relations Trainings and Correctional Counselor Trainings. These trainings were accredited for State university credits.
- 1981-1984 Soledad State Prison Project. CTC provided correctional counselor training and supervisory training as well as a specialized program to train institutional trainers to conduct CTC's Communications/Human Relations Training.
- 1976-1985 Under auspices of CTC, acted as consultant to the Department of Corrections in Sacramento.
- 1976-1985 Consulted with other state prison organizations in Western United States.
